22 Week CSA ……$400.00

Community Supported Agriculture (CSA) is a way for you to buy local, seasonal produce from your local farmer. In exchange for purchasing a "share" of our CSA, you will receive a box of fresh produce from our farm on a weekly basis for 22 weeks. Our shares are designed to feed 2-4 people but may vary depending on your eating and cooking habits. All shares are created with an equal amount of the same items and will include the following vegetables and fruits, as they are in season: Asparagus, Broccoli, Cabbage, Cantaloupe, Carrots, Cauliflower, Cucumbers, Green Beans, Kale, Lettuce, Onions, Bell Peppers, Potatoes, Spinach, Strawberries, Sweet Corn, Sweet Potatoes, Tomatoes, Watermelon, Winter Squash, Yellow Squash, and Zucchini. Fruits and vegetables *cannot* be substituted. The expected start week for 2022 is the fourth week of May and the expected end week is the third week of October.

Farmer-Member Agreement: I accept both the risks and rewards of farming. I understand that there are no refunds in case of crop failures or adverse weather, nor is there a guarantee of a particular crop. I acknowledge that I am responsible for picking up my produce at Schaefer's Farm each week or sending another individual to do so. I understand that my produce will be donated if I fail to contact Schaefer's within 16 hours of a missed pick-up and that there are no "make-up" weeks offered when I am absent. I must stay committed to the pick-up day I selected and agree to be charged a $30 fee to change days mid-season.
